The State of Open RAN

The last 12 months have seen an acceleration of "Open RAN" mainly through the work of two organizations, the O-RAN Alliance and the Telecom Infra Project

	Operator members	Other members (vendors, institutions...)
O-RAN Alliance	31	301
Telecom Infra Project	22	332

Note that the number of Chinese 5G cities identified for 2022 represents a drop from the previous update in June 2022, due to an update in how cities were counted within China
